## 2008 Three Year Old Futurity

Friday, May 23 and Saturday, May 24

The Futurity for 2008 will be 2 go-rounds with two judges per go-round. It will be one event consisting of 3 equal parts, in which points are totalled to achieve a winner. They are:

(A) Rail (B) Pattern Division and (C) Conformation.

(A) **Rail:** Designed to show a free, easy moving individual that is relaxed, ears alert, looks balanced and forward motion is free, as well as responsive to the rider. Rail work will consist of walk, jog and lope, to be shown on a reasonably loose rein or light contact without undue restraint. Judging will be based on the horse's overall performance and way of going as well as it's ability to hold the designated gait and correct leads.

(B) **Pattern Division:** Will consist of an individual pattern of work, designed to show how well broke the horse is.

(C) **Conformation:** Emphasis is to be placed on an individual that is correct and sound on all feet and legs, that is a balanced, smooth individual who's parts blend together with eye appeal and has the appearance of an athletic individual.

Horses must show in all divisions of all go-rounds to receive any prize money or award. All entries must remain in the arena during the entire go-round. Tack and equipment changes will be made in the arena with the assistance of no more than one (1) assistant.
