Broke, Broke Ranch Gelding! Here is a 19 year old gelding that anyone can ride! He does have issues however... he cribs, chews anything he can get his lips on... easy to bridle... eats the bit right up! LOL. Chex was a stallion for nine years then gelded, so he can co-habitate with stallions and geldings but, CAN NOT live with mares. This is a horse that needs to stay out on pasture or fed good quality hay... dusty hay will cause him to get heavey. Chex has been used for open pasture roping, cowhorse competitions, obstacles, 4H, CRRA ranch roping, and trail rides. He is easy to catch, super smooth, sweet lead changes used by all levels of riders. Reason for selling: Barry and Mona's son has moved onto a another horse with more zip! This is a great horse that anyone can get along with, he just needs to be looked after. The Thiessen's are being very upfront about his issues, that is why he has been accepted into the sale!

She had two months of professional training as a three-year-old and after a few months off, due to a lack of time, she is back under saddle and continuing to come along very nicely. This mare really responds nicely to leg pressure, and is really natural with her leads. She has a nice stop, and a good start on turnarounds. She is very sweet, and friendly, and takes to new things very well. This horse has been ridden all winter bareback with a halter, and has been ground driven in harness. Her training will continue right until sale day. She will make someone a very nice All-Around Horse!
